MILLION DOLLAR MAIL ROBBERY ON BROADWAY

BANDIT TRIO LOOTS MAIL TRUCK UNDER ARC GLARE

U. S. Mail Truck Driver Overhauled By Fast Machine Of Robbers, Forced Into Side Street and Financial Mail Looted

SECRET SERVICE AGENTS SEARCH CITY

(By United Press)

UNCLE SAM OFFERS $5,000 REWARD

Postmaster General Hayes today authorized a $5,000 reward for any person who brought in, dead or alive, any one of the mail robbers in the New York City mail truck hold-up.

New York, October 25.—A small army of secret service agents today were looking for three men who held up a mail truck, securing loot which may amount to $1,000,000.

The robbery took place on Lower Broadway last night, the bandits holding up the mail truck under the glare of an arc light. Postoffice officials have long feared such an attempt would be made and have taken every precaution to prevent it. However, the boldness of the robbery apparently defeated the precautionary measures.

Three Men Turn Trick

According to Frank Haveranck, driver of the mail truck, three men in a fast automobile drove up alongside of his machine while he was travelling north on Broadway, and two of them leveling revolvers at him commanded him to turn into a side street. "Break the seal and open the door" they commanded when the truck stopped.

To emphasize their commands they aimed revolvers at Haveranck's face and stomach. He looked up and down the street for help when one of the band said "Don't think of the cops,—think of your life—hurry up and open that door."

Bandits Pick Four Pouches

Haveranck obeyed and one of the bandits went carefully over the registered mail sacks, selecting four pouches containing letters from the Wall street financial district. Postal authorities estimated each contained mail worth over $200,000.

These the bandits packed into their own car. As they drove away Haveranck tried to make out the license number of their machine but could see only the first three numbers. These were reported to police.

Police Watch All Exits

All avenues of escape from Manhattan Island were under surveillance all night and no machine resembling the bandits' car left the city. Police are also watching automobile graveyards on the East River water front as it is believed the robbers may try to sink their car.

U. S. STEEL CO. DENOUNCED AS LABOR'S ENEMY

Samuel Untermeyer Tells Senate Committee Steel Corporation Causes Labor Unrest.

SUPPORTS UNIONS

Washington, D. C. Oct. 25.—The United States Steel Corporation was characterized as the "greatest enemy of labor in this country" by Samuel Untermeyer, New York attorney and investigator, before the Senate Labor Committee investigating the Mingo coal mine war.

"If the Steel Corporation could be eliminated tomorrow there would be industrial peace within six months" he declared.

Claims Corporation Enemy To Labor

The United States Steel Corporation, Untermeyer said, maintained a vast organization to control the steel industry in this country "yet has the temerity to object to labor bargaining collectively."

"Until labor is permitted to bargain collectively there will be no industrial peace in America" Untermeyer declared.

NATION'S CAPITOL CLASSED AS WETTEST SPOT IN COUNTRY ON EVE OF ARMS MEET

Legalization Of Medicinal Beer Makes Problem More Complex For Drys

By United Press

Washington, D. C. Oct. 25.—On the eve of the Disarmament Conference, with its host of foreign guests the national capital is full of bootleg booze.

Despite the efforts of Prohibition agents to squelch the illicit trade and refute stories that Washington is one of America's "wettest" cities it is reported a bootleg army, containing men and women from every walk of life, is pursuing a systematic sale of illicit liquor there

Women Cleverest Bootleggers

Booze can be obtained anywhere from $6 to $30 a quart at an hour's notice. Women are among the cleverest of the bootleggers 'aides as they have the entrance to select apartment houses where they distribute their wares.

With the legalization of medicinal beer officials believe the capital will become 'wetter" although dry agents believe they have gradually begun to check the bootleg consumption.

SHORN OF POWER FORMER EMPEROR KARL A PRISONER

Allied Ambassadors Sit In Judgment As Last Vicious Drive Fails To Regain Throne.

MAY GO INTO EXILE

(By United Press)

Vienna, Hungary, Oct 25—Guarded by two companies of soldiers, former Emperor Karl, of Austria-Hungary and his consort wept as they sat in an upper room of the Chateau Totis, near the field where their troops were crushed in battle

They are being detained in the castle until allied instructions as to what is to be done with them are received.

Emperor Closely Guarded

A close watch is being kept over the former emperor lest he attempt suicide Former Empress Zita implored officers in charge of the guard to get some word of their children, left in Switzerland when the desperate campaign to regain the Hungarian throne was launched less than a week ago.

The remnant of Karl's army, which tried to capture Budapest is being hunted down. The last village held by the Royalists has capitulated and the Royal troops surrendered. Karl was turned over to the government troops byb his own bodyguard.

Fate Up To The Allies

Paris, France, Oct. 5—The fate of former Emperor Karl, of Austria Hungary, was being decided here today by the Council of Ambbassadors Requests for instructions as to what shall be done with Karl have been sent by the Ambassadors to their respective governments.

Meanwhile the diplomats are discussing the advisability of sending the former emperor into exile in an isolated spot like St Helena. Whether he shall be separated from his wife children must also be determined by the Allied Ambassadors

There is no disposition to trust Karl without a guard, as he has twice violated his promise not to use Switzerland as a base from which to launch his campaign to regain his throne

Karl will probably be kept under an allied guard while in exile.

SECRET PEACE PARLEY REPORTED IN RAIL STRIKE

Rumor Denied By Union Chiefs Persists Under Surface—Agreement Claimed Made.

PEACE WITH HONOR FOR EVERYBODY

Brotherhoods And Rail Chiefs Said To Have Exchanged Views On Strike Settlement.

(By United Press)

Cleveland, O., Oct. 25.—Secret negotiations were reported here to be under way preliminary to the "peace conference" in Chicago tomorrow, which is designed to avert the rail strike scheduled for Sunday ,October 30th.

While these reports were denied by Brotherhood chiefs, they still persisted under the surface, and were repeated with considerable detail. According to these unofficial reports, these negotiations began between the Rail Labor Board and the union chiefs, and the Board and the railroad executives immediately after the failure of last week's Board-Union conference at Chicago to effect a settlement.

Exchange of Views Reported

It was said the negotiations have progressed to the point where the Brotherhoods and the railways have exchanged views through the Board as a mediary. A settlement, it was declared, had virtually been agreed on. One version of the proposals agreed to was:

The Brotherhoods are to accept the July wage cuts and other wage reductions are to be postponed.

The roads will translate the July wage cut into immediate freight rate reduction.

All working conditions and shop rules prevailing in effect will be retained

Such a settlement, it was pointed out, would provide "peace with honor" for everybody involved, including the Railroad Labor Board which will then have demonstrated the success of the power conferred on it by the government.

RAIL EXECUTIVES PREPARE FOR MEET ON WEDNESDAY

Rail Labor Board Makes Eleventh Hour Study Of Rail Strike Crisis

ALL READY

(By United Press)

Chicago, Ill, Oct. 25.—Railroad executives met here today to prepare for their conference tomorrow with the chiefs and general chairmen of the five Big Brotherhoods before the United States Railroad Labor Board.

As the executives went into session the Rail Labor Board made an eleventh hour study of the railway crisis and drew up final plans designed to avert the strike called for Sunday.

WAR RISK AWARD TANGLE UP TO LOCAL COURT

Letter Of Dead Soldier Presented As Will, Attacked By Mother Of A. Kauffman

POLICY HELD UP

The Orphan's Court of Clearfield county will be called upon to decide a peculiar will contest following an action begun by Attorney A. M. Liveright, representing Mrs. Louisa Kauffman of Bell township ,who is appealing from the decision of the Register of Wills of Clearfield county

It appears from the statement filed that Andrew A. Kauffman, a former Bell township boy and son of Mrs. Louisa Kauffman, was drafted into the army under the Selective Service Act in May of 1918, from Cleveland, Ohio, where he had been employed.

Shortly after being inducted into the service and while at Camp Gordon, Georgia ,he wrote his uncle, Lynn Kauffman of Cleveland, under date of May 28th and in his letter said: "I am going to take out ten thousand dollars insurance and make it out to you and you can give some to the rest of them, after Ea. gets half of it and you get one-fourth of it, if anything happens to me."

Letter Presented As Will

The young soldier died at Vandergrgift, Pa., on October 11, 1919 and on October 8th 1920, the letter quoted above was presented by D. L. Kauffman at the office of the Register and Recorder of Clearfield county and was admitted to probate as the last will and testament of Andrew A. Kauffman and letters of administration, c. t. a. were issued to the said D. L. Kauffman, no executor having been named in the paper.

When this fact became known to Mrs. Louisa Kauffman, mother of the dead soldier, she protested the action and made a claim to the War Rish. Insurance Bureau for the insurance under her son's policy, basing that claim on a letter received from her son under date of June 11, 1918, which said: "I got my life insured for ten thousand dollars, so I don't think that I will be sent to the front line trenches. But if anything happens to me why you won't hafto worry, there will be money enough to take care of you and you can take things easy"

The mother contends that this is the last will and testament of her son and should be considered as such

Case Set For Nov. 21

Upon receipt of the petition Judge Bell directed that a citation be issued to D. L. Kauffman and E. A. Kauffman of Mahaccy, commanding

MRS. H. C. THAYER HURT IN AUTO CRASH SATURDAY

Sustains Broken Arm---In Hospital at Roaring Springs

SPEED ARTIST CAUSES WRECK

Prof and Mrs. H. Clair Thayer, while on their way to visit friends at Bedford, Pa., were the victims of a serious automobile accident on Saturday afternoon last and as a result Mrs. Thayer is a patient in the hospital at Roaring Springs suffering from a broken right arm and serious cuts about the head, face and neck. Prof. Thayer received a slight cut on the upper arm from a fragment of the broken windshield of the car, but is otherwise uninjured, and is at home here.

Speed Fiend Responsible

The accident occurred about 3:30 o'clock Saturday afternoon a couple of miles outside of East Freedom, Pa., The Thayers were traveling in their Ford coupe, with Prof. Thayer at the wheel. In an effort to avoid being capsized by a speed fiend traveling fifty miles an hour and taking his half out of the middle of the road, Prof. Thayer was forced along side the road. A telephone pole at the edge of the road caught the right hand corner of the coupe and ripped it off. When the car struck the pole the windshield was driven back against Mrs. Thayer and she was frightfully cut about the head and face. One cut across her forehead required six stitches to close, while she sustained another serious cut over the right eye brow, but her eyes fortuntely escaped injury. Her neck was liad open as though with a knife, making a gaping wound extending across the throat under the chin and coming within an eighth of an inch of striking her jugular vein Her right arm was also broken.

Speeder Never Stops

The speed demon who was responsible for the accident never slackened his speed but quickly disappeared in a cloud of dust down the road. State Police are at work on the case in an eort to learn his identity.

Mrs. Thayer was taken to the Roaring Springs hospital, where she is now convalescing finely. Her injuries, while painful, are not considered serious and she hopes to be home in a few days. Prof. Thayer drove his car home.

SERVANT TURNS FORGER—CHECK EASILY DETECTED

Restitution Made And Forger-Servant Turns Runner—Makes Fast Getaway From Scene.

FORGETS SUITCASE

A domestic servant employed in one of our South Second street homes no doubt given the cue by reading of the recent check forging operations in this vicitnity, decided yesterday to do a little phony check writing of her own and securing a number of checks belonging to her employer, filled one out for $21 and visiting a local store succeeded in putting it over.

The pen artist got a $6.00 vanity case and $15 in good hard money. However she had hardly left the store until the forgery was detected Sheriff Gorman and Deputy Gilliland were notified and soon rounded up the forger. Restitution was made, the employer did not have the heart to prosecute and the forger was allowed to beat it from the Sheriff's office and is no doubt going yet.

She got off to a running start, when she thought the coast was clear and left so suddenly that she forgot her suit case which remains in the custody of the Sheriff, subject to call.

Irish Peace Outlook Is Vastly Improved

London, Eng., October 25, 1921—Irish peace delegates today declared the crisis in negotiations was past. British delegates said there was some improvement but the situation was still serious.

Both agreed, as they resumed the meeting this afternoon, that the outlook was hopeful. Lloyd George's determination to attend the Washington Limitation of Arms conference was speeding up the conference in order that the reported agenda which the Sinn Fein delegates require might be completed before his departure.

SOLDIERS PAY TRIBUTE TO MEMORY OF FRENCHVILLE WORLD WAR COMRADE

Body Of Nestor Billottte—Killed In France—Buried Tuesday Morning

The remains of Nester Billotte, a Girard township boy, who made the supreme sacrifice for his country on the battlefields of France, were brought to the home of his brother Desire F. Billotte, near Frenchville on Saturday last.

The funeral occurred at Frenchville this morning, a requiem mass being celebrated in the Catholic church there by Rev. Father McGovern, the pastor.

John Shade Post of the American Legion, had charge of the funeral and the deceased hero was given a full military funeral.

U. S. LUMBER CUT SHOWS DECREASE IN LAST YEAR

Washington, D. C., Oct. 25.—The lumber cut of the United States in 1920 was 33,798,800,000 feet, which is 2.2 per cent less than in 1919, and 27 per cent less than the peak in 1907.

The average price of lumber at the mill increased to $38.42 per thousand, which is a rise of 150 per cent since 1910. The aggregate value of the cut is $1,299,000,000. These are the highest annual valuations ever recorded, but do not indicate present conditions. They merely reflect the extremely high peak in the post-war lumber prices which was passed in the first quarter of 1920.

These are the principal statistics obtained by the Forest Service, United Stats Department of Agriculture, in its 1920 canvass of American sawmills. They are based upon reports from 15,978 active mills out of 23,248 estimated to have been in operation. Several thousand mills cutting less than 50,000 feet were not tabulated, although allowances was made for their cut. Comparisons with 1919 are published by permission of the Bureau of the Census, United States Department of Commerce.

Pacific Coast Leads

In 1920 the Pacific and Rocky Mountain groups of States combined 35.6 per cent of the cut. The eight States of the southern pine group produced 34 per cent, while all of the rest of the United tSates produced 30.4 per cent.

The combined production of Douglas fir and western yellow pine, which in 1919 was less than 60 per cent of the amount of southern yellow pine cut, in 1920 became 83 per cent. This relative increase in the western species arises in part from the decrease in southern pine production, which amounted to 15 per cent. The conditions reported by southern operators arising directly or indirectly from the World War were so adverse that the southern pine may be expected to recover part of the lost ground during the next few years. But the indications of the statistics are that the supremacy in lumber production held by the southern pine States has passed the zenith, and is moving to the West.

Pennsylvania's record shows a decrease in production in 1920 of 18 per cent over the 1919 figures. 1919 production was 640,701; 1920, 520,000.

Beginning of Manual Training.

The earliest official recognation of manual training was given in Finland, where Uno Cygnaeus organized a plan for such work in primary schools in 1858, and where such instruction was made compulsory for certain pupils in 1868. Sweden soon after recognized the importance of such training and gave an impetus to the movement.

MEDICINAL BEER REGULATIONS ARE FINALLY ISSUED

Sudden Action Of Treasury Secretary A Dazing Blow To Prohibition Men

ELEVEN STATES MAY SELL REAL "KICKER" BEER

(By United Press)

Washington, D. C., Oct. 25.—Real beer may be sold in only 11 states in the Union according to Wayne B. Wheeler, general counsel of the Anti-Saloon League. These states are:

Maryland, Massachusetts, Rhode Island ,Connecticutt, New York, New Jersey, Pennsylvania California, Louisanna, Wisconsin and Illinois.

Unexpected Move

Washington, D. C. Oct. 25.—As unexpected as a rainstorm in a desert regulations permitting the manufacture and use of beer for medical purposes were issued yesterday by the treasury department.

Withheld since March 1st last when former attorney general Palmer held the use of beer as a medicine to be legal under the prohibition laws, the issuance of the beer regulations came as a complete surprise to leaders of the dry forces, who declared there had been an understanding with the treasury that the new rules should not be promulgated until the Senate had acted upon the pending anti-beer bill.

Amount Limited

The new rules cover comprehensively the use of beer, wines and spirituous liquors as medicines. The amount of beer a physician may prescribe at one time for the use of the same person is limited to two and one half gallons, the equivalent of a case, but no arbitrary limit is placed upon the number of prescriptions a physician may write or the same person may obtain.

Two quarts of wine was the limit put upon a single prescription for that beverage, but otherwise the regulations are the same as for beer.

Spirituous liquors are limited to one pint within any ten day period, and alcohol for external use was limited to a pint to the same person at one time.

We may blind ourselves to our own real purposes, and refuse to recognize our motives or to accept responsibility for our influence, but this is possible only for a time. Sooner or later, at some turn of the road, we are bound to come face to face with ourselves.

That Sunday School Class

Wishing to become acquainted with the methods of her predecessor, a young woman who taught a Sunday school class for the first time asked the group of bright-faced six-year-olds what the lesson had been the previous Sunday. Silence prevailed for a moment. Then a snub-nosed urchin waved his hand frantically and when granted permission to speak, answered: "It was about burning the bugs in the church." Conversation with the former teacher afterwards revealed that the lesson had been "Burning Incense in the Temple."

Wrong Idea About Senses.

Instead of there being only five senses, as we usually think, there are probably as many as 15. Four distinct senses, for example, are found in the skin. These are heat, cold, pain and pressure. What we usually call touch is a combination of these sense qualities.

PASTORS OF FOUR STATES UNITED IN THEIR PRAISE

Four Ministers, though from Different Parts of the Country, have the Same Attitude with regard to Nerv-Worth. They write letters Recommending it and these Letters offer Indisputable Evidence.

Nerv-Worth gives real results and is a real medicine. It does not act as a mere stimulant, nor depends upon alcoholic stimulation to produce results. The ministers whose letters are produced below have tested Nerv-Worth and found that it is really a preparation of highest merit and because they know that it gives results and has real medicinal value, they recommend it to others. Nothing could be more convincing than a group of statements from gentlemen of the Cloth. Read what they say:

Rev. Mr. Tate, Pontiac Ave., Dayton, Ohio.

"For five years I was in a very nervous condition," said Rev. Tate. "I couldn't find any relief it seemed until I took a bottle of Nerv-Worth. I didn't have any nerve force to digest my food, I could eat only a few things I was advised by my doctors not to eat any cold lunches. Gas would form on my stomach and cause terrible bloating, my blood was also in very bad condition and my circulation poor. My legs would get cold and numb and my hands would also get the same way. I am now nervous no more and I can eat anything at any time. My stomach and digestion are in fine condition. I have no more bloating, my circulation is good and there is no numbness or cold feeling in my legs and hands. I am feeling fine and have regained my health and vigor. Nerv-Worth changed everything."

Rev. H. Malone, Meadville, Pa.

"I was in a terribly run down condition, had no appetite and couldn't sleep. I was very nervous and my stomach was bad. Gas would form and cause a fluttering of the heart. In fact I was almost all in. After taking one bottle of nerv-Worth, I felt a change and after taking the second bottle, I can cheerfully say I feel fine. As to my appetite, I am almost ashamed to tell, but in fact I can eat anything and everything. I am no longer bothered with fluttering of the heart. I am thankful for Nerv-Worth, for the benefits I have received from it."

Rev. John T. Hickman, Salem, W. Va.

"I take pleasure in saying that as a general tonic, Nerv-Worth is the best I have ever used. I now sleep more soundly, my appetite is better, and my stomach is in better condition than for years before. No one needing a tonic should fail to give Nerv-Worth an honest trial."

Rev. Mr. Jenkins ,Cumberland, Md.

"I have used Nerv-Worth in my family with the result that I am willing to give this testimonial, believing it will help the suffering wherever it is possible for Nerv-Worth to reach the case," said Rev. Jenkins, "I am doing this for the good of others and in giving this testimonial to the effectiveness of Nerv-Worth, I have not been influenced by any arguments for Nerv-Worth doing what it claims. I am, in truth, as far as I can discern speaking of the properties of Nerv-Worth."

Nerv-Worth does not contain any artificial stimulation to deceive the user. It acts in a sensible way thru real medicinal value to give the desired results. Nothing could be more convincing than the letters from the ministers above. If you suffer, try Nerv-Worth. Give it a trial and you will find it will give results. It is sold by Stewart Drug Co., and all leading druggists everywhere.

Buy one bottle, use it according to directions, and if you feel that it is not helping you, do not buy a second bottle but ask for your money back.

Nerv-Worth is now $1.00 per bottle.—Stewart Drug Co.

"Twin Beds" Has Remarkable Record

"Twin Beds" which has convulsed more American audiences than has any other farce-comedy, is still duplicating its remarkable success of previous seasons and incidentally causing managers and critics all along the line to express wonder at this ,look wise, compare notes, volunteer solutions then give it up in dismay.

There is but one real solution—Merit is the one outstanding feature characterizing everything pertaining to the offering and production of "Twin Beds" making this, as an entertainer, the one matchless peer of them all.

"Twin Beds" is chock full of clean, exhiliarating absurdities, the kind that starts laughter at the curtain's rise with a crash, and follows it up with a deluge of others so fast that an audience is held fairly gasping with pleasureable mirth from start to finsh, yet when it is all over and the play's analysis is attempted, not one jarring incident can be recalled.

The evening's experience is put down as one of unalloyed pleasure, which is revived with each re-curring recollection.

This enviable record and favorable impression made on previous tours, gives promise of even greater results for this season's tour. Another thing, the strict censurship now being enforced in many sections of the country will benefit "Twin Beds" to the extent, that where salacious imitations are driven to cover, demands for attractions of worth, will be that much greater. Counling all these factors with the fact that this year's company has been selected with utmost care, and provided with an equipment of vast proportions, one may confidently expect excellent results from "Twin Beds" on this year's tour.

YOUNG GIRL FINDS RELIEF

Wants to Tell Other Girls All About It

Evansville, Ind.—"I am eighteen years old and have been bothered for several months with irregular periods. Every month my back would ache and I always had a cold and felt drowsy and sleepy. I work in a millinery shop and I went to work every day, but felt stupid and would have such cramps. I had seen Lydia E. Pinkham's Vegetable Compound advertised and had heard several women talk of it, so mother got me some. This Vegetable Compound is wonderful and it helped me very much, so that during my periods I am not now sick or drowsy. I have told many girls about your medicine and would be glad to help anyone who is troubled with similar ailments. You may use my testimonial as you like."—STELLA LINXWILER, 6 Second St., Evansville, Indiana.

Some girls lead lives of luxury, while others toil for their livelihood, but all are subject to the same physical laws and suffer in proportion to their violation. When such symptoms develop as irregularities, headaches, backaches, bearing-down sensations and "the blues," girls should profit by Miss Linxwiler's experience and give Lydia E. Pinkham's Vegetable Compound a trial

THE WOMAN VOTER—HER CONSISTENCY—AND REALIZATION

Election Day is only two short weeks away. For a century and a half the sterner sex has looked forward to election day in anticipation of the chance to assert their right of the ballot, an opportunity to express their views through the vote. They do it this year. Are the fair sex taking the same stand and awaiting with interest the opening of the voting booths at the coming election, or have they merely relegated it into the discard, along with their myriad of other privileges?

We think not. Woman is renowned for her consistency. For decades past the serious minded women of this country have been working for the vote for women, and through their untiring efforts they have secured it. At the last election they showed they intended to use the ballot, and use it to good advantage, as viewed in their lights. And we believe, and have foundation for that belief, that they will continue to make use of their ballot privilege, yes, even to a greater extent in the future than they did at their initial appearance at the polls last year.

The vote, properly handled, is the great common leveller. It levels the politician who does not carry out the people's wishes, into oblivion. It carries the appreciation of the great American citizen of duty well performed, or it brings to the front their stern disapproval of underhand policies.

Not alone is it a weapon with which to shape national policies. It operates to the very doorstep, and the women whose domain in centuries past has been the home, will assuredly use the ballot at the coming election, and all future elections, to express their ideas and principles of good, straightforward government, government that will protect their homes.

In this connection it might be well to point out to the women voters that the brough, county and state officeholders stand next door to home protection. It is these officials who primarily take care of the home, who afford it protection from fire, theft and other evils, who stand between it and annihilation.

This, therefore, should prove an incentive for the women of Clearfield county to exercise their right of ballot at the coming election. They have worked hard to secure this privilege and it is hardly to be expected they will pass it on lightly. It is the realization of decades of expectation. Heretofore the fair sex have played a passive part in politics. Now they are come into their own. They will not heedlessly squander their heritage.

ANOTHER FLOOD COMING

The action by Secretary of the Treasury Mellon in permitting the sale of medicinal beer under the ruling of former Attorney General Palmer, is a shock to those who hoped that the state of this country's finances were not so bad we would have to depend on medicinal beer to be a source of revenue, and an evidence that Christian America still needs some light.

There is no good vaild reason for such a ruling, granting that beer has some nourishing properties when properly taken. We have heard no demand from the medical men for medicinal beer and we have a notion that it is and will be prescribed more on the request of the patient rather than the advice of the physician. We may expect the medical profession, if they wish to keep the respect of the people generally, to draw a taut line on those who are going to make a business of peddling "schnapps" via the prescription route. It is a wonder to us that with the effects of alcohol on the human structure so apparent and well known to them, they do not, through their associations, put all alcoholic beverages in their proper category and refuse to traffic in them. Unless they do this, there is a large element of people who will have little respect for

CLEARFIELD'S LAND MARKS

With the exception of the Indian mill along the State road between here and Woodland, no monuments or tablets mark Clearfield's historic spots in this vicinity—of which there are many. For some time this matter has been the subject of discussion by the local chapter of the Daughters of the American Revolution and has now taken definite shape. At a recent meeting of the executive committee of Susquehanna Chapter, plans were laid for the raising of funds for this purpose and for the other patriotic work of the chapter. It was decided to give a Bridge each month, the first at the home of Mrs. William J. Dufton, 214 West Market Street, on Monday evening, October 31st.

ODDS AND ENDS AND THINGS

"By Skinsey"

The Government's annual report on mortality statistics for 1920, soon to be issued, shows a total of 1,142,578 deaths within the death registration area representing a rate of 13.1 per 1000, as compared with 12.9 in 1919 ,the lowest on record.

There was an increase in the death rate from penumonia and a marked decrease in tuberculosis fatilities.

Fatilities from automobile accidents and injuries increased from 9.4 to 10.4 per 100,000.

Prohibition is responsible for the low price of corn, according to A. E. Staley, one of the leading starch manufacturers of Central Illinois. He purchased 1,000,000 bushels every month.

"New uses must be found for corn," he says. "When the brewers and distilleries were put out of business, big buyers of corn went out. I think that they used from 6 to 7 per cent of the total corn crop. Now there is no market for that proportion of the yield, and it is enough to keep prices down."

THORN BROS.

DEMOCRATS HOLD MEETING HERE LAST NIGHT

Verily the political pot beginneth to simmer in this vicinity. Following the example set by their Republican opponents the Democratic workers held an enthusiastic meeting in the Arbitration Room of the Court House last evening and discussed the campaign and the best way to bring about Democratic success in town and county.

The meeting was called to order by Borough Chairman B. E. Shirey, and Walter Welch, Esq., chosen to preside.

Addresses were made by District Attorney Candidate Wallace Smith, Sheriff Candidate T. J. Gleason and candidate for County Treasurer John E. Laing, of DuBois. A number of the local candidates also spoke. Each speaker prophesied success and then the time was devoted to making plans for getting the vote to the polls on election day.

A meeting of the Democratic women of the town has been called by Chairman Shirey for next Tuesday and after their committees are named a joint meeting of the men and women workers will be held several days previous to the election.

Miss Ella Shaw entertained Mr. and Mrs. William J. Chambers at dinner last evening at her home on Market street. Covers were laid for twelve.

Old Sores, Piles, Burns and Scalds Heal Very Quickly

Your local druggist sells an ointment called San Cura that surely does do anything it is advertised to do or money back.

Thos. F. McCauley, Cooperstown, Pa., cut his finger; blood poison set in; arm swelled terribly; friends despaired; said arm must come off. San Cura Ointment drew out water and dark pus; agony ceased; arm and hand soon as good as ever.

It quickly draws out poison from sores, fever sores, ulcers, boils, carbuncles, cuts, burns, scalds and bruises.

For itching, bleeding or protruding piles, it has received the highest indorsements, while innumerable cases are recorded where eczema, tetter and salt rheum were cured in the shortest possible time. San Cura Ointment is

The haunts of the dinosaur in the Red Deer valley, in Canada, have been screened by the department of trade and commerce. The place where these relics of millions of years ago are found is about 100 miles east of Calgary, in a canyon of the Red Deer river, which is just as beautiful as the Grand canyon, but about one-seventh its size. It is the only place in Alberta where the cactus grows.

PUT MORE MILK IN YOUR MENU

We mean you big busy men who consume a lot of your vitality in putting your business across. If you'll just slip out to any of the soda fountains and ask for a chocolate milk, a plain milk or a malted milk, you'll find that you're standing the grind of the day a whole lot better.

And you'll find that if you take these drinks, it won't interfere with your regular meals at home.

Milk's the healthiest thing you can drink. Drink more of it.

MICHAEL BARRETT

Michael Barrett, a long-time resident of Clearfield county died this morning at ten minutes to 4 o'clock at the home of his son Lawrence Barret at Idora Park aged about 87 years.

The deceased was taken ill on Friday evening, suffering a general break down incident to advanced years. He failed rapidly after taking his bed and peacefully passed away at the time stated. He was an upright, industrious man and a good citizen.

He is survived by his widow, three sons and three daughters, as follows: Lawrence C. of Idora Park; Fred J., of Los Angeles, Cal.; Oscar F., of Clearfield; Mrs. Edward Viehderfer and Renetta Barrett of Clearfield and Mrs. Samuel Hetherill, of Rossiter, Indiana county.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

ANOTHER FLOOD COMING

(Continued from Page Four)

the profession. Already the prescription is the butt of practically all jokes, off and on stage. The medical profession may claim they are helpless in this situation. They are to a certain extent, but no more so than the average citizen who wants to see alcohol banished from the land as a beverage and a dope.

This latest blow to prohibition enforcement is not a step backward toward the general use of beer. It is but a hangover from the Palmer administration and the certain result will be a hastening of congressional action on the anti-beer medicinal law. With our Prohibition Enforcement Officer, Mr. Haynes, making a gigantic effort to stem the flow of illicit booze, with the full approval of President Harding, we believe it is but a step around the corner to additions to the enforcement laws which will stop the leaks and the present increase in the leaks only serves to bring to our people the necessity of real prohibition and will force action by officials.

All citizens should bear in mind that only through the ballot can this problem be settled. Your first chance comes next Tuesday a week, November 8th.
